

Partnerships Manager

Overview

Credit Canada is hiring an experienced and entrepreneurial manager to expand our referral and creditor relations program.

Reporting to the Director of Partnerships and working closely with the Director of Counselling and Client Services, you will play a key role in expanding our referral network by identifying and cultivating new partnerships with financial institutions and other referral partners, including social service agencies. Our goal at Credit Canada is to replicate this model, and we see it as an opportunity to increase awareness of our debt counselling services across the country.

By growing and managing referral partners and our network of creditors, you will play a pivotal role in transforming lives and advancing Credit Canada's vision and mission.

Our Vision:

We are Canada's leaders in credit counselling, transforming the way people use credit.

Our Mission:

We help people get out of debt, so they can get back into life.
